Town of Bristol

Dear Town Official,

On September 6 and 7, 2019 we will be hosting the 12<sup>th</sup> annual Vermont Emergency Preparedness Conference. This event brings together local, state, federal, nonprofit, and private partners for two days of learning and networking related to emergency preparedness. This year's conference will be held at the Lake Morey Resort in Fairlee, VT. We are currently lining up some incredible presenters and speakers who will focus on building resilient communities, local best practices in Emergency Management, and building partnerships at all levels of Government.

Enclosed you will find some save the date cards with our website. Please hand these cards to those in your community who may be interested in attending. We have presentations related to the fire service, town highway, emergency management directors, volunteers, and even elected officials. Registration is going to open in May and we would love to make this year's conference the biggest one we have done.

Best regards,
