

Dear Administrator:

Turn The Towns Teal® is a national campaign whose mission is to create awareness of ovarian cancer, its often subtle symptoms and risk factors. Our volunteers tie our ribbons (made in the USA) primarily in town centers and provide stores, health clubs, spas, libraries, etc. with symptom cards and information pertaining to ovarian cancer. We do this in September, which is National Ovarian Cancer Awareness Month. The ribbons go up on or about September 1st and are taken down by September 30. Please do visit our website @ www.turnthetownsteal.org to see our campaign at work.

The first *Turn The Towns Teal* campaign was 13 years ago at which time we had about 20 volunteers in NJ. Last year we had over 450 registrants, and we've been represented in all 50 states. Quite honestly, our growth illustrates the need and importance for this awareness campaign.

There is NO early detection test for ovarian cancer which is why we NEED women and men to be aware of the known and often subtle symptoms and risk factors. If detected in the early stages, the survival rate for ovarian cancer is 90 to 95%, which is why this awareness campaign is so very, very critical.

Thanks to the support of towns & cities like yours, we KNOW for a fact that women's lives ARE being saved through this awareness campaign!

Your signature on the bottom of this letter will indicate your permission for our campaign. Kindly return the signed letter back to the volunteer whose name and contact information is below. If you have any questions, please don't hesitate to email us at info@turnthetownsteal.org.

Most sincerely,

Jane MacNeil
