"Installed easily and works as intended." - by **Robert D. Levin** (Portland, Oregon)

Installed easily and works as intended. Very functional item for parking in tight areas. Set it in the corner of my paved driveway and it makes it easy to see how close you actually are to the wall of the house.

See All **NO18 Circular Glass Heavy Duty Outdoor Convex Security Mirror, 18" Diameter (Pack of 1)** by SeeAll ★★★★☆ (178)

In Stock. **prime**

List Price: ~~\$42.95~~
 Price: **\$39.51**.
 You Save: \$3.44 (8%).

"Blind spot gone" - by **thibs**

I had a really bad blind spot when pulling out of my driveway. After I installed this mirror, I was amazed on how well it worked. Now that winter is here, the mirror will frost up. The sun will quickly remove this frost though. If placing in a shaded spot keep the winter frost in mind.

 You Save: \$11.05 (16%).

"Perfect for my needs" - by **David A**

We own a warehouse complex with a fair amount of client traffic and a corner that is blind. This mirror is large enough for oncoming traffic and came with all necessary hardware except the post to mount it on. Please with timely delivery and packaging.
