Subject: Open Selectboard Position

Valerie,

Please accept this email of my interest in being considered for the open Selectboard position.

It is important for the Selectboard to select someone who closely aligns to and will carry on Ted's positions and philosophy as he was elected to represent.

As you know I am currently serving on the Planning Commission. I submit my interest so that the Selectboard may consider whether I should continue serving on the Planning Commission or if it would be more beneficial to serve the Town on the Selectboard. I am OK either way.

Respectfully,
Kevin Hanson
