Valerie,

Please take this email as my interest in applying to fill the current open position on the MAUSD Board for Bristol. If selected, I would also run to fill out the term in March.

I am very interested in promoting positive outcomes for all students. As an instructor at the Patricia A. Hannaford Career Center, I am additionally very supportive of those who choose career paths other than the college track.

Please let me know what the next steps might be.

Thanks,

Annie Denny
