Re: Conservation Commission resignation

Dear Valerie:

Having been appointed to the Bristol Conservation Commission when it was founded in 2003, and having served as Clerk from 2003 – 2019, I feel that I have fulfilled my duty as a Conservation Commissioner for Bristol. I am now submitting my resignation, effective on March 12, 2020. I believe my term is completed in March 2021; however, I am resigning a year early due to health reasons. It's time to pass the position to new faces with new ideas.

I would like to thank the Selectboard for continuing my appointment for so many years.

I would also like to thank the current and former commissioners for their skills and contributions during my tenure.

It has been a pleasure to serve the Town of Bristol.

Sincerely yours,  
Katie Reilley
