May 16, 2020

Dear Valerie & Bristol Select Board Members,

My husband and I are requesting the removal of a streetlight directly across from our home at 9 Elm Street. Currently, the light shines so brightly on our property that our windows glow at night as well as a significant portion of our yard where we have gardens. Green Mountain Power came out twice in the hopes that repositioning the light would be enough but sadly it is not. The GMP technicians have said that the light would need to be removed in order to fix this issue.

We thank you for taking on this request and we will await your response. My husband and I are optimistic that this can be resolved.

Sincerest Thanks,

A handwritten signature in black ink, appearing to read "Sarah Heusner" and "Craig Maravich" written together.
