Thank you Valerie. I am still interested and able.

May you be well,
Pepe

Hi Christopher,

Are you still interested in participating on the EAB Strategic Plan Committee? I re-issued the solicitation this week after the COVID-19-induced hiatus.

Thanks,

Thank you. I'd like to add my name to the list. The only potential blocker for me would be when the orientation meetings are scheduled. I travel a bit for work (tho less at the moment due to covid-19). Let me know if I need to do anything else, otherwise, I'll wait to hear from you.

May you be well,
Pepe

Hi,

Thanks for reaching out! Attached is an ad that I will be posting today about the new committee. Information related to the EAB and Bristol's street trees will be posted on the Web site this week. Being on the committee will entail one or more orientation/training meetings to start and then folks would go out on their own time and convenience to inventory particular parts of the town. We'll figure out who does what depending on the membership of the group. We would figure out a schedule for getting back together to compare progress, findings, and general discussion. I expect I will be doing the bulk of the actual document preparation, unless someone else is interested.

Let me know if you have any other questions.

Hello Valerie,
Kristen Underwood from the Conservation Committee said that I should reach out to you to be part of the town's Emerald Ash Borer assessment and response. Please let me know what being on this committee would entail. Thank you.

May you be well,
Pepe
