

AUTHORIZATION TO CONDUCT NEXT FLOOD MEASURES

Pursuant to Section F of the Vermont Stream Alteration
General Permit

VERMONT DEPARTMENT OF
ENVIRONMENTAL CONSERVATION
**WATERSHED
MANAGEMENT DIVISION**
RIVERS PROGRAM

A. Permitted Project Information:

Project Number: SA-2225

Name: Marie Miller

Phone: (802) 453 - 3234

Mailing Address: 455 Ireland Road, Bristol, VT 05443

Email: mlm092860@gmail.com

Project Location: 455, Ireland Road, Bristol, VT (44.1894, -73.0475)

B. Findings:

The Secretary of the Vermont Agency of Natural Resources (VT ANR) has determined that:

1. This project authorizes streambank stabilization for 140 ft long, 8-10 ft in height on Lewis Creek in the town of Bristol with type III rip-rap.
2. The proposed activity is eligible for coverage under the VT ANR Stream Alteration General Permit.
3. The proposed activity will meet the terms and conditions of the General Permit provided:
 - a) The work conducted does not create an acute horizontal discontinuity.
 - b) Less than 10 feet of lawn is restored adjacent to the garage.

C. Standard Conditions:

1. The project is proportional to the threat and conditioned to cease when the threat to life or to improved property has ended.
2. The project will not result in a threat to life, public health or safety.
3. The project will meet the standards detailed in subsection E.2.1 and E.2.2 of the General Permit.
4. The project will meet Stream Alteration Standards to the greatest extent possible.
5. A pre-construction meeting is held between the contractor, owner/applicant, and the ANR River Management Engineer.
6. The River Management Engineer is notified by phone or email when construction begins and when the project is complete. Contact information is provided on the bottom of this authorization.
7. A final construction inspection is required for any culvert and bridge related work.
8. This permit will expire on January 1, 2021
9. **Additional conditions:**

If there are any changes in the project plan or deviation in construction from the plan, the Permittee must notify the River Management Engineer immediately.

If the project is constructed as you have described, as shown on the above referenced approved plans and according to the above conditions, there is no reason to expect any violation of Vermont Water Quality Standards.

D. Authorization:

Signed this 8th day of November, 2019
Emily Boedecker, Commissioner
Department of Environmental Conservation

by:

Jaron Borg, River Management Engineer
