FY21 EQUIPMENT PURCHASE GRANT: NOT APPROVED AT THIS TIME

TO: Valerie Capels, Town Administrator and Eric Cota, Road Foreman
FROM: Mike Winslow, Transportation Planner, Addison County Regional Planning
RE: **Equipment Purchase Grant**

Thank you for your interest in participating in the Municipal Roads Grant-in-Aid Equipment Purchase Program. We received an overwhelming response this year with 43 municipalities requesting funding. There was not sufficient funding to support all of the requests that were received. As outlined in the Invitation Letter, since demand exceeded the available funds, awards are being prioritized for municipalities with the greatest number of hydrologically connected municipal road miles. Unfortunately, Bristol was NOT awarded a grant to purchase equipment to help implement best management practices (BMPs) on local roads at this time.

We are actively working with our partners at DEC to be able to support additional equipment purchase requests. There may be funding available after January 1, 2021 to support your municipal equipment purchase. We will be in touch with you again after that date with more information.

Thank you,

Mike Winslow
