Subject: Stampede update

Hello to The Stampede Family,

I hope you are all well and keeping safe during this ongoing health crisis. Last year when we had to cancel The Stampede, we were so sure that by this year we would be able to have The Stampede the last week in July as we have in the past 30 years.

We are so disappointed to let you know that in spite of all good intentions and high hopes, we will not be able to have The Stampede again this year. In conversations with The Cystic Fibrosis Foundation, Hall Communication and watching the pandemic news locally, state wide, nationwide and worldwide, it is clear that we can not be confident that we can have The Stampede safely this year.

You folks have truly made The Stampede possible and you will again. We have our fingers crossed for 2022 and we will need you all in order to have the best Stampede ever! Put us on the calendar for July 29, 30 and 31st, 2022.

We thank you from the bottom of our hearts for all you have done for The Stampede and we can't wait to have you part of it next year!!!! We will be in touch and thank you all.

From the Stampede Crew, please be safe and healthy, you are all in our hearts.
