Re: Bristol Main Street Lighting & Sidewalk Improvements  
Substantial Completion Memo

Dear Ms. Capels,

Dubois & King, Inc. performed periodic observation of the work for the Bristol Main Street Lighting & Sidewalk Improvements project in coordination with VTrans Resident Engineer Chris Lavalette. Final walk through observation occurred on November 10, 2020 with general conformance with design plans and is accepted to be complete, with the exception of the replacement of the electric handhole cover on the southern side of Main Street incorrectly labelled 'TRAFFIC SIGNAL' with a cover correctly labelled 'Electric' per Sheet 161 – Lighting and Electrical Detail Sheet 1.

I hereby certify that I am a licensed Professional Engineer in the State of Vermont. To the best of my knowledge, information and belief, the Bristol Main Street Lighting & Sidewalk Improvements project was constructed in general conformance to the plans and specifications and in my professional opinion is in compliance with applicable laws, codes, and ordinances.

Sincerely,

A handwritten signature in black ink that reads 'Garrett Organek'.

Garrett Organek, PE  
Project Engineer
