Hi Valerie:

What a great group you have on your Select Board!

I just wanted to thank you for the opportunity to introduce RiseVT and the potential traffic calming project at the meeting last evening.

I'll follow up with the traffic calming committee/Jessica Teets and Mr Wallace. Eric told me he would send the sidewalk estimates. Perhaps as was suggested the town could add the rapid flashing beacons or radar speed sign to this area. To clarify, I believe Bruce said that there is a radar speed sign on order. ?? If the location he described on the south side of West Street between the firehouse and Liberty Street is the designated spot, then I believe that will help immensely to improve safety at the Creemee Stand.

I truly appreciate the Board's willingness to consider options for this area. I'll continue to pursue in conjunction with this local traffic calming group and with partners such as LocalMotion and see what I can discover for options.

Please reach out to me at any time with more information, otherwise I'll be in touch.

Sincerely,

*Michele*
