Thank you for reviewing my previous letter. Sorry that you could not help me. I received your answer from Valerie Capels. Enclosed is the requested check.

The reason I send my mail to Bristol as "certified mail" several years ago a woman told me that my taxes were paid (may be the same woman). Then Bristol sent me a letter that my taxes were not paid and required late fees. Since then all mail has to go certified for a record - no more problems.

Will plan to see you next time I'm in Vermont.

Thank you

Richard Russell
