**Subject:** FW: Thank you Joel for your time tonight... Putting together some projects to benefit the Town...

Hey everyone last night Bill Mount stop my house to discuss Eagle project that the Bristol Troop are looking to work on, they have 5 or 6 boys that are trying to complete their Eagle Badge, I believe that these all have to be done by Summer or early fall of 2022

The list below are just some of the things that I could think of that could be look into as a project, if any of you can think of anything else please let me know. Ian do we have anything on Main Street that could be a project? I did talk to him about the 300 feet of fence that we are getting from NBM and that will need to be all scraped and paint before it goes into the ground, location to be determine.

Thanks Joel

P.S. Bill has one boy already working with Potter Knight on the Bristol Trail Network and the list below on the first one should say Stairs and not bridge.

Hey Joel,

Thank you for your time tonight and thank you for the ideas for Eagle Projects. I will pass these along but I would again like to ask you to stop by briefly on Sunday to meet the gents and chat with

them for five to ten minutes about some of the specifics of what we discussed. The projects that you mentioned off the top of your head were:

1. Memorial Park on 17 – Bridge work and finish/repair the fence
2. Paint town of Bristol Fire Hydrants (Scrape, paint the bodies and then special paint for the tops of 85 – 90 Hydrants)
3. Scrape and paint the fencing for the Cemetery on Lower Meehan Rd.
4. Clean and re-paint the letters on the Lord's Prayer Rock along with the Tables and cookers at the park there
5. Shed for the 300 Gal tank at the Fire Hall approx. 6 feet X 12 feet to enclose the tank and provide some storage for some non-fire equipment

These are all great. I look forward to hearing the other ideas from the rest of the SelectBoard and others in and around town.

Yours very truly,

Bill

Cc: Scout Troop 543 Adult Leaders and Eagle Coaches: as info...
