Hello Valerie,
Ian Albinson suggested that I write to you to express my interest in joining the committee, if appropriate. I had noticed several posts on Front Porch Forum and wondered if there had been enough interest from the community, so I reached out to Ian.

I am interested in the apportionment of funds and I look forward to hearing from you and what is required of me if I join the ARPA meetings. My primary residence is in Bristol but we are spending a couple of months in Arizona so I could only attend meetings via Zoom.

Thank you for your consideration,
