Subject: Quote for New High Lift Pump at Bristol Pump House vs Rebuild
Attachments: Est_603_from_Vermont_Pump_Fabrication_Inc_11032.pdf; Est_604_from_Vermont_Pump_Fabrication_Inc_11032.pdf

Valerie, Anthony & Sharon,

Attached are the 2 quotes from VT Pump & Fabrication

Quote 603 - New Pump \$15,995.84 (2 Weeks Lead Time)
Quote 604 - Rebuild Old Pump \$15,692.79 (12 Weeks Lead Time)

Our recommendation is to order the new complete pump from VT Pump for \$15,995.84 as it will be more expensive to refurbish the old pump since the quote above does not include the additional cost to have the motor refurbished by Pioneer Motors, part of the rebuild process. In addition, this new pump leaves us with a spare motor on the old pump.

Please run this by the commission for approval to utilize the capitol fund to purchase the new pump at your earliest convenience so that we have a spare high lift pump at the pump house.

Thanks,

Jill M.
