Bristol, Vt  
March 26, 2022

To the Bristol Select Board Chairman:

I wish to resign from my position on the Bristol Design Review Board effective as of the end of this month for the following reason:

Two years ago Randy Durand brought to my attention the existence of an un-permitted camp in what he believed was the flood plain of the New Haven River after making the Zoning Administrator, Kris Perlee aware of it also. Randy kept the select board and me informed of his attempts to get this issue addressed as I did repeatedly as a member of the DRB. It was never resolved to my satisfaction. Rather Kris declared it not in the flood plane after finally visiting the camp. I have knowledge of a letter sent by Kristin Underwood observing that the camp is in fact in the river's flood plain.

Because this issue was never resolved to my satisfaction I feel that both boards let Randy down.

Cc Kevin Brown, DRB Chairman.

Respectfully your,

Carol Clauss
