Hi Valerie,
Gerry and I have been discussing where we could put a bike maintenance stand. This stand would be a great addition to our bike friendly town.
The location that seems best and user friendly is on the North and Main street corner, pictures attached for reference.
Considerations on this location:
Placement would be on concrete
Visual from all corners
Pedestrian Friendly
Stand, bike, and rider are out of the travel area.

The stand would be removed on or before November 1st and placed on or around May 1st.

Could we please be on the Monday July 25th Selectboard for review?

Thank you,
Meridith
