Subject: Thank you

Good morning,

I write today to share our sincere gratitude for the summer camp opportunities at Bristol Recreation Department.

My son attended both a river camp and mountain bike camp. This experiences were beyond positive and supportive. My child is happy, tired, dirty, and confident.

Meredith you should be praised publicly and loudly for your efforts, skill, and attention to detail.

We are hopeful to join more camps in the future. Are you allowed to do multiple camps in one summer? Are there vacation camps?

With gratitude and respect,
Mary
