Youth Vaping Prevention and Treatment FY23 Enhancement Funding

Date of Application Submission: 8 / 19 / 2022

Explanation of what grant funds will be used for:

The grant is to help prevent the vaping of nicotine and cannabis of youth in the community. My plan is to apply for funds that will go to the teen center and the Rec department to fund new programs that engage youth in large community activites, help fund the already successful programs like the 5TRs and fund a class that would be taught at the Hub to talk about the affects of cannabis and tobacco on the body and brain, the economic impacts of vaping, and teach the youth other life skills and introduce them to hobbies. We would like to organize it similar to PREP where we pay youth to take the class.

Application Amount: \$10,000 - \$30,000

Description of Matching or Other Funds to be Used: None

Name of Grant Applicant: The Bristol Recreation Department and Bristol Hub Teen Center
