Dear Jen Myers,

After seventeen years in private practice providing occupational health services to the local businesses in Addison County, I am writing this letter to inform you that due to business reasons, I will no longer be seeing patients at the Middlebury clinic. This will be effective as of January 2; 2023. The business will continue to support local employers providing on-site services and will not be affected by this transition.

In a rapidly changing healthcare environment, this was a difficult but necessary decision. Over the years I have been privileged to get to know and care for many of your employees.

In closing, I want to sincerely thank you for supporting the occupational health care clinic and most of all entrusting me with the healthcare needs of your employees.

Going forward, should you have any questions or concerns please do not hesitate to call or email me directly.

Sincerely,

Doris Raymond, APRN
