Subject: Bristol Fire Department & Police Station - 2015 Site Plan Development
Attachments: Bristol Fire Department_2015 Design Summary.pdf

Valerie,

After reviewing our 2015 files it seems that the limit of planning for the Police Station was this:

1. Police Station was located on the Fire Department Site Plan (page 5 and 8 of attached PDF) with:
 - a. 3000 square foot building footprint
 - b. Entrance aligned with the Fire Station entry (buildings could be connected with a covered walkway or enclosed/heated vestibule/corridor)
 - c. Fire Department spaces envisioned to support Police Station operations:
 - i. Conference Room (page 6 of attached PDF)
 - ii. Community/Training Room (page 7 of attached PDF)
2. Additional parking spaces and driveways schematically located (page 5 of attached PDF)
3. Area left at back of property for stormwater management (page 5 of attached PDF)

I'm available to present the attached "2015 Design Summary" at the 10/10 Selectboard Meeting, and to express our extreme level of interest in developing the project with you and the Police Department.

Please let me know if you'd like to discuss any of this before the Selectboard Meeting. Tomorrow is a little busy, but I'm otherwise available for a call.

Thanks again for reaching out!
