**What:** Willowell Foundation is applying for Community Recovery Revitalization Funds (per Val's suggestion actually). We are seeking a letter of support that comes from the town (**e.g. Town Manager, Selectboard, Mayor, etc.**).

**When:** Need the letter in PDF by December 26th (can give more details to Ian about the project and timeline)

**Who:** hoping Ian Albinson can write the letter on behalf of the town for the Willowell Foundation

**Details:** Willowell is applying for funding to purchase land within the town lines (south on 116) and build a modest school for the Wren's Nest Forest Preschool. The school is currently running out of a rental location. For the long term sustainability and expansion of the school we need to own our own property and building. These funds would allow us to go from a 15 max capacity to a 18 max capacity (maybe more). We would prioritize low income students and Bristol residents, as well as continue to run summer programming. The CRR grant would help monitor over the coming years that we meet these goals.

Thanks, let me know if you need more for the meeting.
