

Dear Bruce,

11-18-22

In the spirit of Thanksgiving, I want to tell you that I really appreciate your work and the way you approach it. Not only do I feel safer due to your leadership, but I think our whole five town area is safer and more decent because of the bedrock of kindness that you lay as the foundation of your work. You have a rare and valuable set of skills and sensibilities, and I feel fortunate to be working alongside you.

With Respect,

Edora Frazer
