P.O. Box 249  
Bristol, VT 05443

Dear Valerie,

On behalf of the Board of Directors of the Addison County Chamber of Commerce, I am writing to you with exciting news regarding the new **Addison County Visitor Center** opening this spring!

On the enclosed pages please find the approved design for the new **Visitor Center** that will be located at the Ferrisburgh/Vergennes Train Station, conveniently located at the intersection of Route 7 and 22A in Ferrisburgh. The new **Visitor Center** is designed by Addison County firm Shadows and Light and will highlight all the great things' visitors can see and do in Addison County.

The Addison County Chamber is asking for your support to help with the expense and operation of this new **Visitor Center**. For over 20 years, your Chamber has operated the only visitor center in the county without any public or private support outside of our membership. Your **Visitor Center** benefits both members and non-members alike, so we are reaching out to all organizations in the county that benefit directly or indirectly from tourism to ask for their support.

On the attached pages, please see the ways in which you can help the Chamber build and operate this exciting new venue. Donors will be recognized on a permanent display within the new **Visitor Center** as well as in media releases and on AddisonCounty.com.

On behalf of our board and staff we thank you in advance for your support and look forward to seeing you at the grand opening of the new **Addison County Visitor Center** this spring.

Best regards,

Phil Summers  
Executive Director
