Re: Case No. 21-0974: Petition of Bristol Solar, LLC, pursuant to 30 V.S.A. § 248, for a 2.2 MW photovoltaic electric generation facility in Bristol, Vermont

Dear Clerk Anderson:

On September 20, 2021, the Public Utility Commission (PUC) issued the Final Order and Certificate of Public Good (CPG) in the above matter. Condition 13 of the CPG states in relevant part:

Before beginning site preparation, the CPG Holder shall file with the Commission, the parties, and the Town of Bristol a letter stating that it has fulfilled all pre-site preparation CPG conditions, and that it intends to commence site preparation for the Project.

This letter shall serve as notice to the PUC and parties that the Petitioner has fulfilled all requisite CPG conditions to commence site preparation for the Project and intends to start site preparation.

Thank you for your attention to this matter. If you have any questions or require any further information, please do not hesitate to contact me.

Sincerely,

Andrew Thomas
