**Subject:** EV Chargers

<https://www.vermontevchargers.com/>

The initial application is open state-funded EV Chargers. We need to apply quickly, and since the form is fairly quick to fill out, do you want me to do it or do one of you want to?

Do we want to go with the Norwich EV proposal (updated) for level 2's or go for level three's. As I read the application we will be responsible for 5% of the cost. at about \$12K for level 2's and \$150k's that would mean \$600 and \$7500 respectively.

Richard
