Subject: Water Issue for S/B Agenda

Importance: High

Hi Valerie

I do have a water issue that needs to be addressed. The American Legion had a leak at the Legion, but it was discovered that their two accounts (1- rental [225033] and 1-Legion [225035]) had the same meter number so we determined what meter went with which account and fixed it. Unfortunately, the meter for the Legion account was the meter for the rental so that is where the read put the leak. I know Ron has talked to someone about this as the leak which wasn't at the rental but at the Legion itself (which the person at the Legion is denying). Jill and Cyrus said there was a leak at the Legion. I have not sent out the recent invoice.

The leak showed up on the last invoice (for rental property) to the tune of \$1,749.76. The Legion paid the amount they thought was correct (\$133.70) so there is still a previous balance of \$1,616.06. The bill this time is \$100.22.

The meters have been wrong apparently for quite some time. I don't believe they are aware of the issue with incorrect meter numbers. They could argue that the incorrect meters are what caused it to look like there was a leak, but Jill and Cyrus confirmed that there was a leak at the Legion. Proof is a different story.

Need to know how to proceed.

Thanks.

Sharon Lucia
