Francis Smith, Officer

On the above date and time, I received an email from Katie Clark (DOB [REDACTED]) containing an animal complaint form. The form is attached to this incident.

At approximately 1631 hours, I responded to 27 Sugar Maple Ln and upon arrival, I made contact with Katie. She came outside to show me where the incident had taken place. The following is a summary of our conversation:

- The incident took place in their back yard where they have a run for their dog and an area for their son to play. On the day the incident occurred, her dog was outside on the run and she was in the back yard with her son who was playing close by. She heard some yelling and then saw the black German Shepard come running over from 246 Morgan Horse Ln. The German Shepard headed straight for her dog and latched onto its neck. Katie picked up her son and ran over attempting to separate the dogs. Her dog was unable to flee because it was still tied up to the run. Katie managed to get the dogs separated, and the owners of the German Shepard did not come over to retrieve their dog right away. After Katie had separated the dogs herself, Tabatha Coe (DOB [REDACTED]) went over and took her dog and repeatedly said "I'm sorry." She walked the dog back to the house and shortly after left with the dog in her vehicle. Katie called the park manager and reported the incident to them. After the attack, Katie brought her dog to the Bristol Animal Hospital. The Veterinary medical summary/invoice is attached to the incident.

I asked Katie if she wanted to submit to have a vicious dog hearing for the German Shepard, and she said yes because that was not the first time that dog had come into her yard and she's concerned with the safety of her son.

Later in the afternoon at approximately 1833 hours, Katie and Dylan Ryan (DOB [REDACTED]) came to the police department with their son to fill out sworn written statements describing past incidents with the German Shepard. The statements are attached to the incident.

On August 15, 2023, at approximately 1133 hours, I called the Bristol Town Office to verify if the dog was registered with the town at the time of this incident. Bristol's Town Clerk confirmed that the dog was not registered with the town at this time, but had come in on August 7, 2023 and registered.

I went to 246 Morgan Horse Ln to issue Municipal Ordinance Violation Warnings for Running at Large and License Required. Upon arrival, their neighbor was outside mowing the lawn. They stopped and told me no one was home. I put the Municipal Ordinance Violation Warnings in a plastic protective sleeve and slid it in between the door and the door frame. I took a picture of the municipal tickets on the door with my body camera.

No Further Action,

Case: 23BR002097	Name: Katie Clark

Location: 27 Sugar Maple Ln	Phone: [REDACTED]

I, Katie Clark, (DOB) [REDACTED], make the following sworn written statement to the Bristol Police on my own free will and accord without any promises or threats made to me with the knowledge that it may be used as evidence in a court of law.

^{Krc} Around summertime of 2022 a black German Shepherd came into my yard and wouldn't leave. I leashed the dog and walked the dog to find the owner. I met the owner on W Pleasant St walking toward me. She said she had been out looking for her dog and her mom had told her it ran away. Following this time the German Shepherd had come into ~~our~~ yard on 2 or 3 occasions usually right after we put our dog inside. On one ~~occurrence~~ occasion we needed to hurry up and get our dog Kimber inside before there was any interaction with the German Shepherd. These all happened in the summer of 2022, and early 2023. On August 1st I was playing outside with my dog Maple and my 18 month old son. I heard someone yelling so I looked up and saw the same Black German ~~Shepherd~~ Shepherd bolting toward me, my son, and my dog. I quickly grabbed my son and the Black German Shepherd jumped on my dog. Leaving 3 puncture wounds. I separated the dogs and the owner finally came to get her dog. We haven't interacted with the owner or dog since then. I last saw the dog barking at us through the window the week of the 7th. Krc

IP I just happen to be letting our dog in and when I bent down to grab her cable to hang it on it hook and came basically nose to nose with the Black Shephard. I have had an ~~are~~ previous dog attack when I was 6 years old. Took 380 stitches to fix my face. It made very uncomfortable and also brought back bad memories. And to boot no ~~owner~~ ^{owner} in sight to retrieve said dog. This would be one of many unsupervised visits from the black shephard.
