

Notes on Bristol Village Tree Planting Survey Responders

Below are notes on possible tree planting sites in Bristol village based on the tree planting survey. There are 17 sites that are suitable for tree plantings, 5 that aren't. Of the 17 sites, 4 are suitable for small trees only; 13 are suitable for large or small trees.

65 North Street - directly under utility lines; there is an elm stump nearby; small tree recommended

Cottage Park (new development off of North Street) - there is an ash tree that will most likely die from EAB; a replacement tree for this ash is possible; road frontage; no utility lines; suitable for large or small tree

90 Devino Lane - large declining sugar maple nearby; no utility lines; culvert nearby; suitable for large or small tree

52 Mountain Street - suitable for large or small tree; there is potential for future house drop interference; something small could go directly in front of house

38 Spring Street - corner lot; on the Mountain Street side, utility lines; best planting spot is on Mountain Street side; no possibility for planting on Spring Street side; suitable for small tree

60 Mountain Terrace - potential future house drop interference to north and south; however, suitable for large or small tree

2 Garfield Street - corner lot (Garfield Street and North Street); the Garfield side is under power; North Street side is not an option; suitable for small tree

38 Main Street - corner lot (Main Street and Mountain Street) - Main Street side is not a viable site; Mountain Street side is suitable for large or small tree

46 East Street - there is a declining ash in front of house (with likelihood of future removal); possibility of planting large or small tree on either side of ash

58 East Street - homeowner has desire to see a maple planted here; suitable for large or small tree

22 Pleasant Street - corner lot (Pleasant Street and Taylor Avenue); Taylor Avenue side not suitable for planting; dead ash on corner; recommend narrow, upright tree on east side of driveway

25 Pleasant Street - suitable for large or small tree; possible future interference from utility lines

68 West Pleasant Street - corner lot (Pleasant Street and Liberty Street); suitable for large or small tree

21 Liberty Street - potential for something next to oak on south side of driveway; suitable for large or small tree; there is a drain nearby

49 Munsill Street - corner lot (Munsill Street and West Pleasant Street); suitable for large or small tree on West Pleasant side; possible future interference from utility lines closer to Munsill

54 Munsill Street - suitable for large or small tree

73 Munsill Street - suitable for large or small tree

Sites Not Suitable for Planting

67 Maple Street - *not a viable site*

12 Church Street - *not a viable site*

19 Pine Street - *not a viable site*

34 Spring Street - *not a viable site*

21 Pleasant Street - *large sugar maple stump; not a viable site*
