RE: Certification Lot 5, Waste Water Permit WW-9-0682

Dear Sir:

I certify that, in the exercise of my reasonable professional judgement, the installation-related information submitted is true and correct and the potable water supply and wastewater systems were installed in accordance with the permitted design and all permit conditions, were inspected, were properly tested, and have successfully passed those performance tests.

This certification is based on an inspection conducted on September 13, 2005 of the water and wastewater system on Lot 5 only.

If you have any questions, please call.

Sincerely,

Tyler
