Hello All,

Addison County Regional Planning Commission has been conducting a region wide housing survey for the past month and will continue until September 15th. Information and outreach for this survey has been through Front Porch Forum, the Addison Independent and distribution of posters and postcards. We have directed folks to an online link to access the survey but also offer a paper copy if they so choose. I have sent a PDF file to all of the clerks and included one here as well.

So far, we are seeing a good rate of response but I would love to hear more from all of our communities. Anything you can do to promote this effort is greatly appreciated.

Below is the online link and QR code for the survey.

Take the Housing Survey Today!

Use your phone to scan the QR code above and take the survey or find it on our website

www.acrpc.org

Thank you!

Katie Raycroft-Meyer
