Hi Valerie,

At our BCC meeting last evening, we discussed some final amendments to draft management plans for three town parks to include more explicit language regarding accessibility to the parks.

Attached are plans for:

- Memorial Park (the SB previously reviewed this and asked for clarifying language that was added; and now we have also added a section on accessibility)
- Eagle Park (the SB has not formally approved this plan yet)
- Sycamore Park (this is a substantially revised version of the 2008 SB-approved plan and has not been formally reviewed/approved by the SB)

Also attached is a timeline of the plan updates.

Let us know if you would like members of the CC to attend an upcoming SB meeting when these plans come onto the agenda.

Best,
Kristen
