

Bristol, TAP TA21(1)
Basin Street Improvement Project
Local Concerns Meeting
October 16, 2023

Purpose of Meeting

- Project overview
- Project development process
- Comments and concerns
- Questions

Project Overview

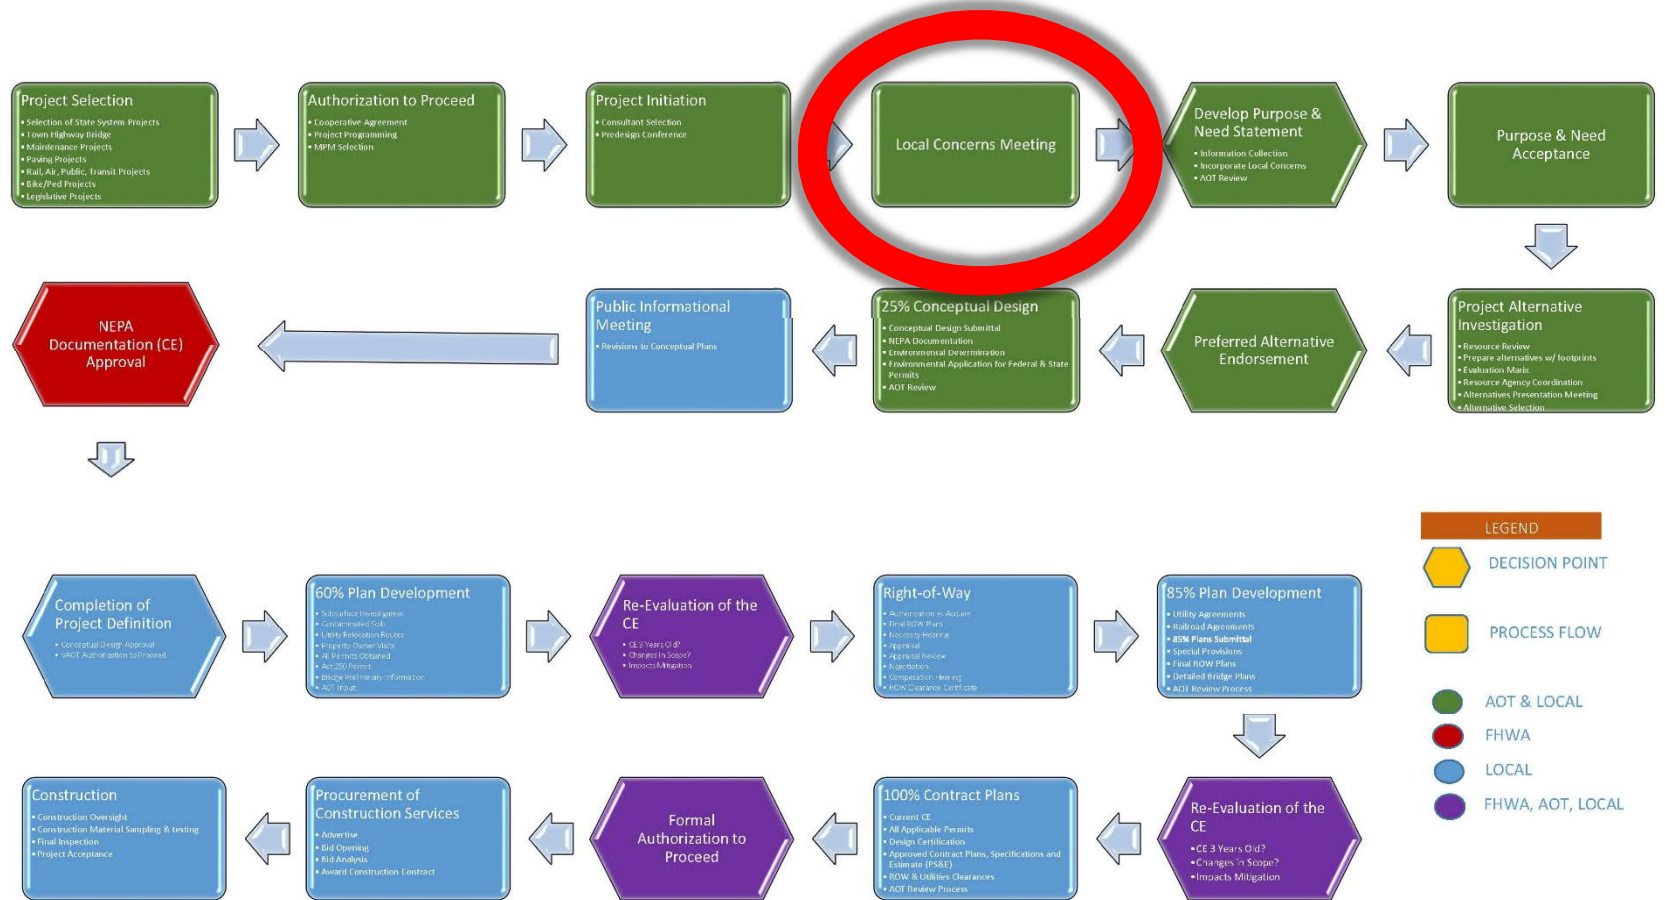

Stormwater Improvements

Project Background

- A scoping study was conducted in 2008 by GME which evaluated bank stabilization and 3 alternatives for improved Basin Street geometry.
- In 2019 GME was contracted to perform a limited update to the study.
- Town applied for SFY 2022 Transportation Alternatives Program (TAP) grant funding and was awarded grant in spring 2023.
- Town also applied for and was awarded a Downtown Transportation Grant which includes a stormwater component.

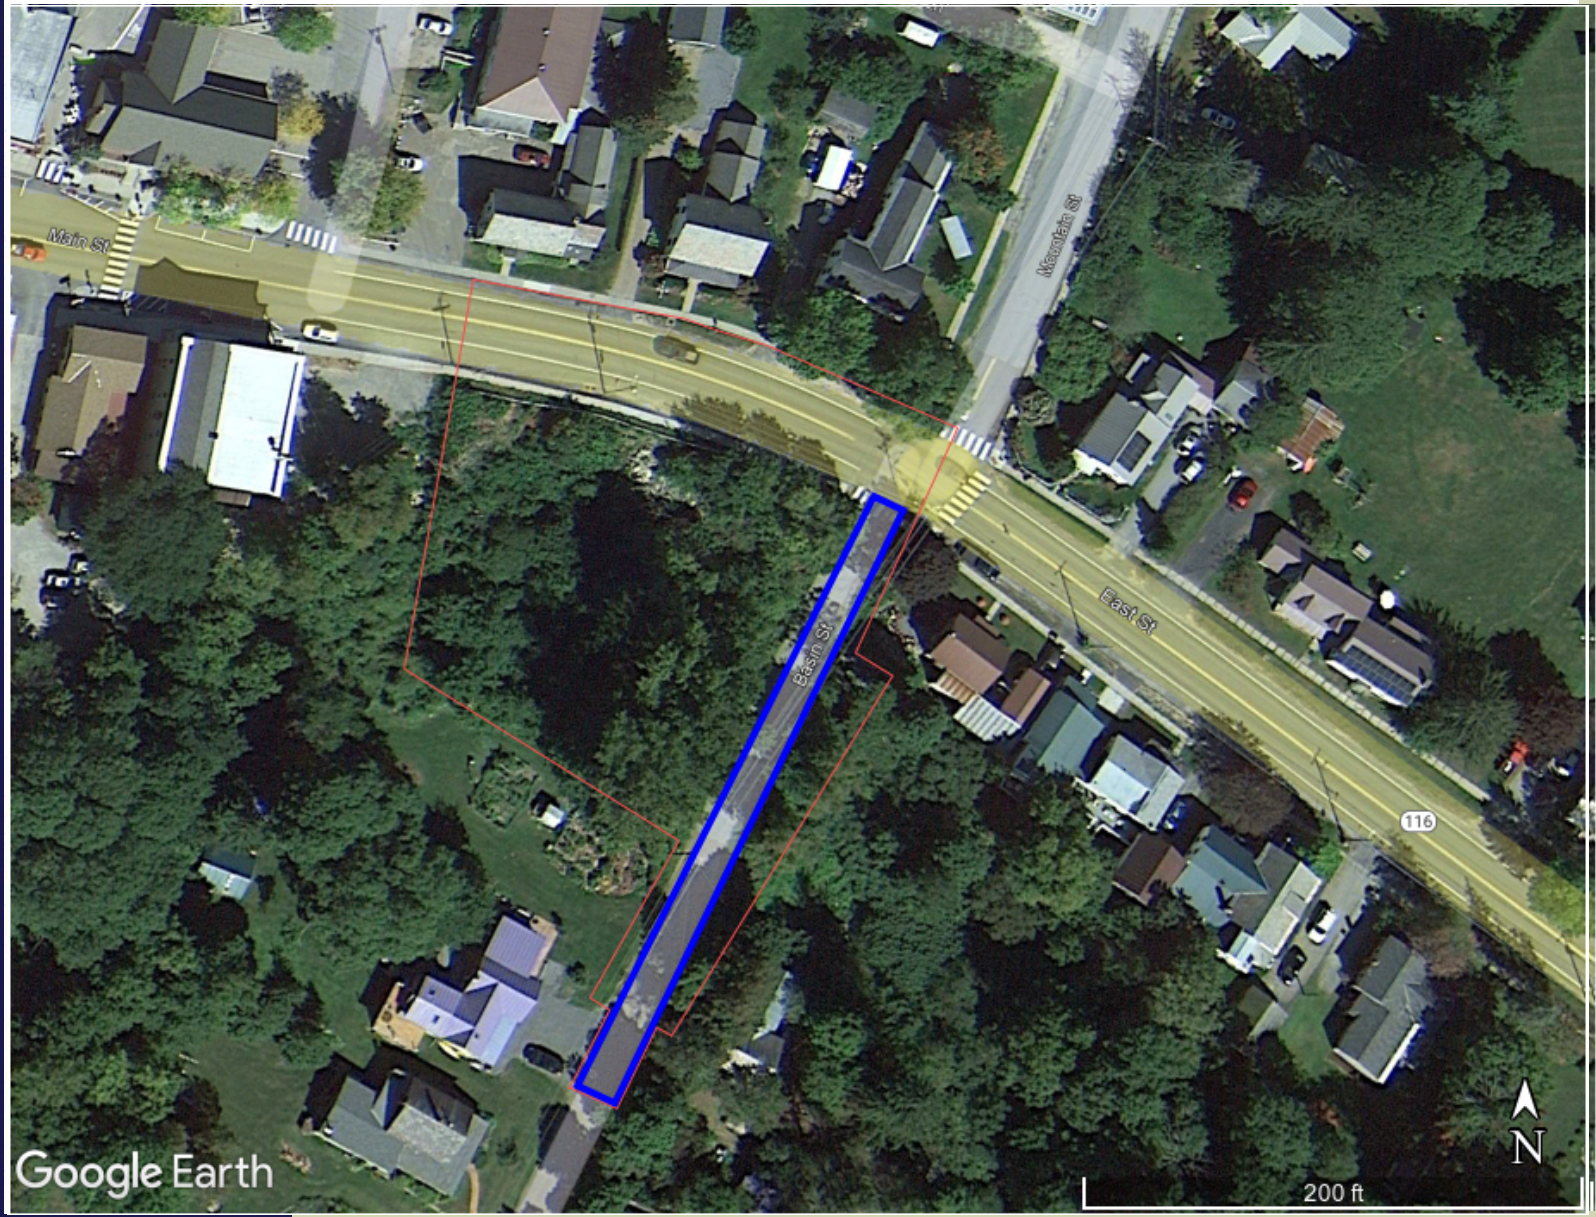

VTrans Municipal Assistance Flowchart

Known Local Concerns

- Kick off meeting held on July 26th, 2023
- Several abutting property owners attended and provided input.
- Concerns raised during the meeting included:
 - Steep roadway/sidewalk grades
 - Drainage
 - Slope stability
 - Property Owner impacts
 - Maintaining access to properties

Concerns?

Next Steps

- Develop a Purpose and Need Statement.
- Develop and evaluate alternatives.
- Conduct an Alternatives Presentation Meeting.
- Select an alternative and proceed to design.
