Subject: Update from LML

Dear Ian and Valerie,

I hope this note finds you both well and enjoying the recent run of exceptional weather.

I shared with the LML Board and staff last Friday and now with both of you that I will be resigning from my role as Library Director at the end of October, preferably by October 26th, to pursue an exciting new professional opportunity in Middlebury.

I've enjoyed my work at LML, especially bringing new energy and ideas to the library. This is rewarding and important work in the cultural life of a community! I'm hopeful the LML Board will be able to hire an equally enthusiastic library steward over the coming weeks and the transition will be smooth for all.

All the best,
Coco
