Yes I did recently move but I am still interested if living in town is not a prerequisite for the job.

Hi Greg,

It turns out Monday's agenda is again quite full. Because the VT Health Dept. does not review recommendations for appointment until the beginning of each month, we are going to bump this to the Feb. 26 agenda.

I heard recently that you may have moved to Salisbury. If that is the case, should we presume you are no longer interested?

Thank you,

--Valerie

Hi Greg,

It turns out Monday's Selectboard is going to need to focus heavily on budget and Town Meeting preps. A zoning revisions public hearing at 7:00pm may take up a bunch of time. Consequently, consideration of the Town Health Office appointment is likely to be on the Feb. 12 agenda instead. I'll have a better idea of that as that date draws nearer.

Thank you, again, for your interest!

Hi Greg,

Thank you for your interest in serving as the Bristol Town Health Officer! Would you be available to meet with the Selectboard on Jan 8 or Jan 22? If the Selectboard recommends you for appointment, the Department of Health only makes appointments on the first of each month and the 3-year term starts at that point.

In the meantime, if you haven't already, you may want to check out some of these Town Health Officer resources in part to familiarize yourself with the role and also to see if it is something you are really interested in doing:

Hello my name is Greg west and I am interested in the health officer position I have been in the building trade for about 15

years in that time I have done just about everything to do with building residential and commercial framing, plumbing and electrical. I am experienced in demolition and proper clean up of the site. I would greatly appreciate the opportunity to give back to the community that has done so much for me.

Thank you for your consideration

Greg west
