Dear Municipal Official,

We are seeking input on our DRAFT 2nd Amendment for the Vermont Recovery Housing Program Action Plan. In 2020 the State of Vermont – Agency of Commerce and Community Development (ACCD) – Department of Housing and Community Development (DHCD) started receiving funding through HUD’s Support Act funding, Recovery Housing Program due to Vermont’s opioid death rate. This funding is a five-year HUD pilot program to help individuals in recovery from substance used disorders (SUD) become safely housed. This funding is to support the creation of transitional housing for Vermonters suffering from SUD and safely house them for up to 2 years. ACCD has worked with various stakeholders and the Agency of Human Services (AHS) on its action plan which outlines the use of the funds and allows Vermont to access the funds. We now need to amend the plan to include the states FY23’s \$991,106 allocation.

The amendment can be found on DHCD’s website on <https://accd.vermont.gov/community-development/funding-incentives/vcdp/recovery-housing-program>.

As a representative for a unit of general local government, please share the attached notice with your local residents including minorities, non-English speaking persons and people with disabilities population in your community. The attached notice is in English, French and Spanish. We are seeking public comments by 4:30 p.m., Friday, March 1, 2024, to cindy.blondin@vermont.gov on the draft report prior to it being submitted to HUD.
