Town of Bristol

Greetings:

After too long a delay, the Town of Ripton would like to formally thank you for providing your town equipment to Ripton during our flood in early August. Our roads, as you know, were severely damaged and the help your road crews provided to us was, and is, sincerely appreciated. The addition of multiple trucks during the first week after the flood allowed the Town to get the roads opened much sooner than would have been otherwise possible.

We are very grateful, and will be sure to mention your town's generous kindness to the community at large.
