Valerie lot 2 had a old barn for animals and they had a water line tie into the intersection of Pine street and Liberty street on the old water line until last October 2023. Munson didn't put in a new curb stop for the old barn as the animals are gone now. What I'm asking for is a discount on that tap on fee/curb stop,as the previous owners would have paid for it years ago. I have put in a new curb stop on lot 2 with 3/4" k copper off a 2" copper pipe on our way going to the back lots. I'm not asking for the money of the new curb stop material at \$424.58

I'm just asking for one lot not to be bill as the Previous owners would have paid for this tap on fee year's ago

Thanks Joel

Hi Joel,

I am not understanding your request about a \$500 credit for an existing connection. The plans are calling for four new residential connections.

Valerie can you or Shanon send me a invoice for that on the town stationery, so I can forward it to the banks loan officer and he will transfer the funds to the towns account as we did for the water line material

Thanks Joel

Hi Joel,

It appears we have not received the \$1,500 balance for your water connection application. Is there an update on the status of the state wastewater permit approval?

Thanks,
