

ARPA investment in Bristol's library

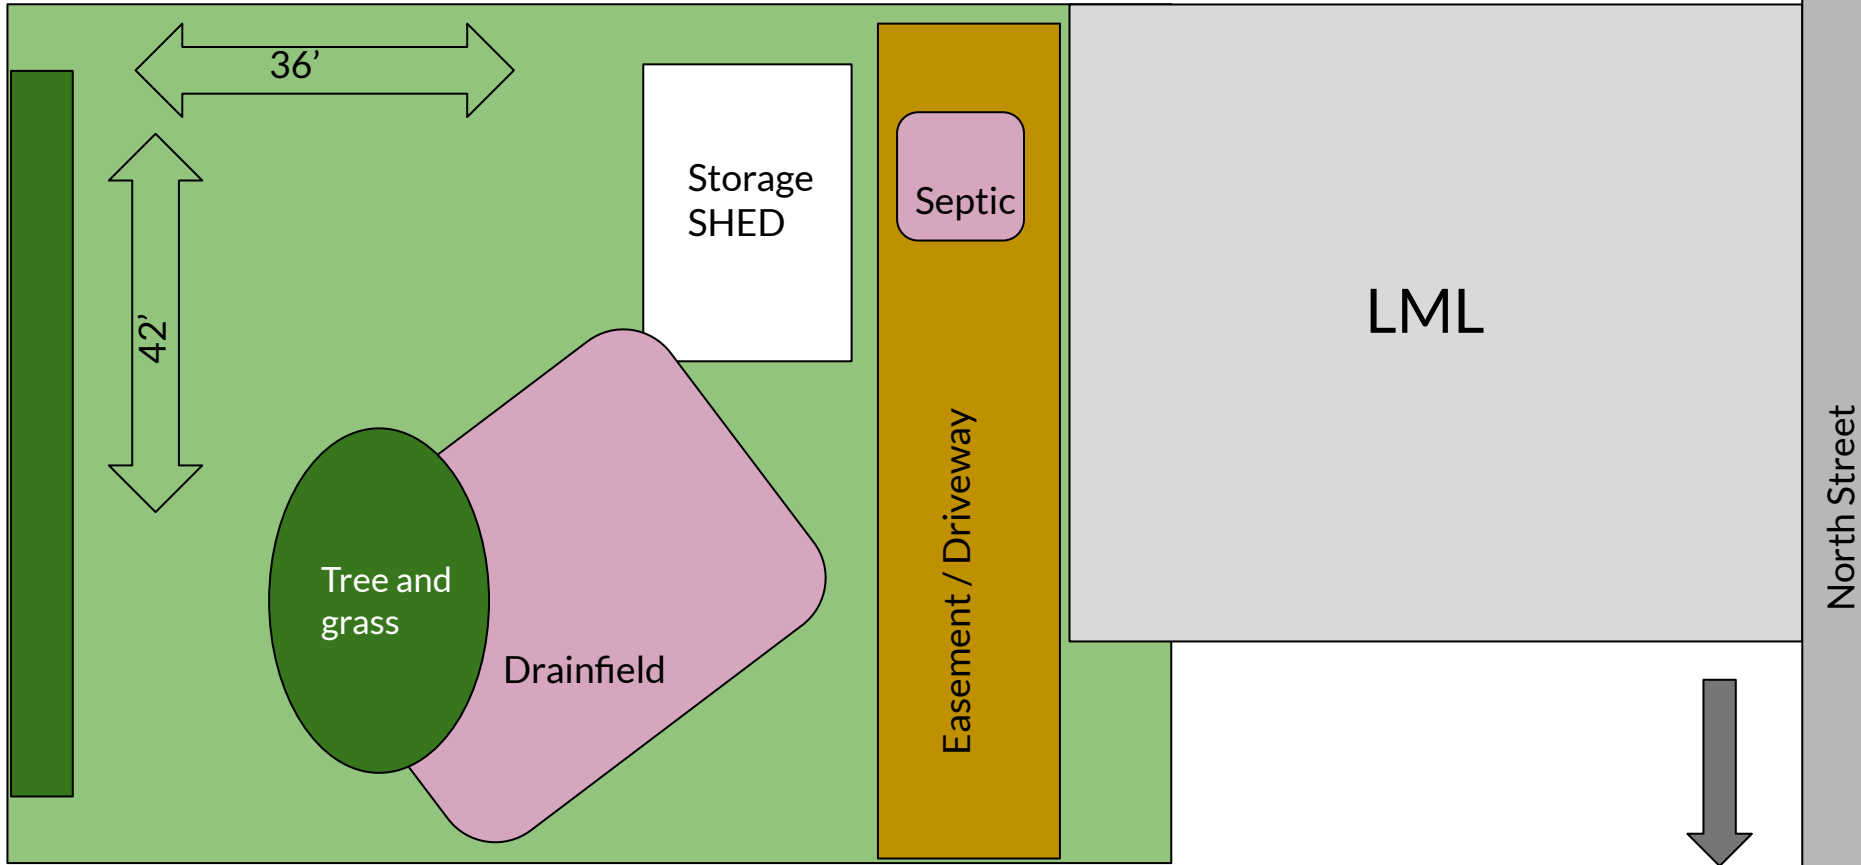

Agenda Item VI.6

**Lawrence Memorial Library
New Outdoor Program Area**

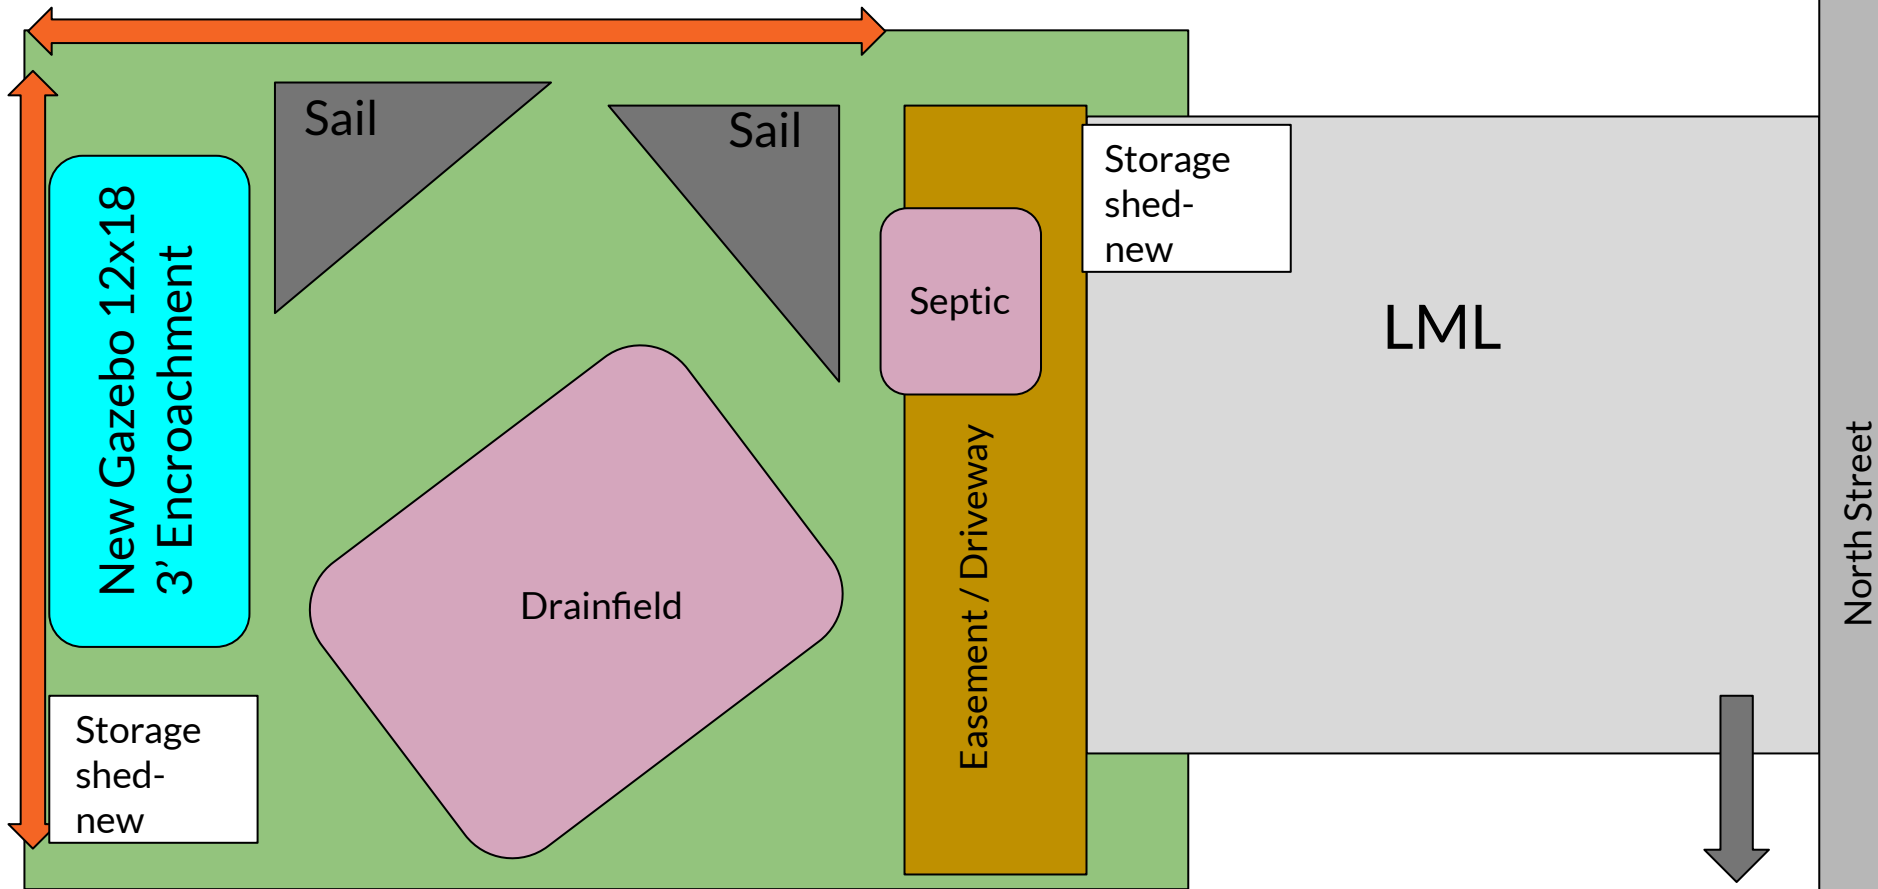

Project Goal

- LML currently serves 1,900 children during our summer months for FREE summer programming and resources.
- Library space is limited so these programs often meet outside; however, there aren't any facilities to use outside and if it rains, there is no cover
- Renovating the outdoor program area would increase the number of children served and the variety of programming
- PLUS other community members frequently use library space, so ALL would benefit

This short 3' fence might be enough. This 8' section is \$90 for a total of \$1000 if we would put it around three sides of the yard. Plus posts at \$30.00 per post (x14 posts) Say \$1,500 total. Double it if you want 6 foot high fencing.

We propose setting up 2 as illustrated in our mock-up of the proposed outdoor space. This would allow shaded space for small group work or for library patrons reading outside.
