

## **Chair Notes for November 19, 2024:**

### **Item IV – Old Business:**

- Jessica Teets, a Middlebury College Political Science professor, has about 10 students interested for our project and will spin them up over the Winter Term. Will touch back late December or early January

### **Item V – New Business:**

- Based on the VPR article circulated previously, perhaps a broader discussion of types of rentals and pros and cons is appropriate. A separate doc pulls some commentary for the VPR article for fodder.
- AZ will present some topics they are finding with the zoning regs.

### **Item VI – Administrative Matters:**

- Item b – the Town voters passed the UDR mods in a vote of 853 to 358. There is a waiting period for appeal, then they will become the new standards. ACRPC has to update GIS info with the State.
- Item d – grant opportunities:
  - [ANR.FPRRecreationGrants] 2025 LWCF Grant Round is Now Live!
  - Call for Clean Water Projects
  - Transportation Alternatives \_ Municipal Highway and Stormwater Mitigation Program Grant Opportunity for SFY 2025

### **Parking Lot:**
