

11/19/24

Dear Bristol Selectboard Members,

Just over two months ago I wrote you a letter asking if the storm debris at Varney Cemetery could be cleaned up. I began to see that some work had been started not long after I submitted my request and I was so pleased. I was away for about three weeks this fall and, once I was back in town, I was anxious to see if more progress had been made. Wow - was I thrilled when I walked over that way and saw how it looked!

I spent a bunch of time walking around the cemetery feeling very thankful for the care and attention that was paid ⁱⁿ the work that had been done.

I am beyond pleased with how the cemetery looks now.

Thank you, thank you, thank you.

Sincerely,

Nancy Orvis
