Hi Herb,

See the attached letter for Bristol's suggestions in the matter.

Regards,
Ian

Subject: flood related priorities

Hello everyone. Happy New Year! may it be a good one.
Some legislators are putting together legislation seeking to address issues related to recent flooding in our communities, whether they be flood response, flood recovery, or preventive (resiliency) matters. I am happy to forward your suggestions to those putting together this legislation. The sponsors are looking for "the top 3 legislative priorities for your district". Suggestions might include ideas for immediate flood response, rules or other bureaucratic matters that have been difficult to deal with, or just straight out \$\$\$ to

address specific aspects of a flooding event, or preparation for future events.

I am told that I should submit suggestions by January 10th, which is coming up soon.

Please let me know if you have any questions about all this, and always feel free to call at the number below.

Thanks,

Herb
