Good Morning Ian,

The 5-year appointment for Bristol Town Forest Fire Warden ends on June 30th. It has come to my attention that the town may wish to appoint a new fire warden that is currently on the fire department.

Fire Wardens are appointed by the Commissioner of Forests, Parks & Recreation with the approval of the town Selectboard. FPR is in favor of appointing the Bristol Fire Chief as a replacement. Fire Wardens have the statutory authority for suppression of wildland fires in the town and aligning this with the Chief's authority over the fire department makes sense.

Attached are the forms for a new appointment. The signed forms can be emailed directly to me. Once I receive the forms, I will meet with the new warden to go over the duties and responsibilities.

Please reach out with any questions.

Thank you,

Dan Dillner | State Forest Fire Supervisor
