Hi Ian,

I'd like to request time on the agenda for the Monday, May 12, 2025, Select Board meeting on behalf of the Recreation Department. We would like to present a proposal for a community-funded restoration project for the Bristol Town Green fountain.

The project aims to restore the fountain to full functionality and to re-cast the missing top-section cherub, returning it to its original historic condition. Our goal is to complete the restoration ahead of the **July 4th, 2026**, holiday.

We would also like to request permission to install temporary public campaign and funding goal signage near the fountain for the duration of the fundraising effort. Signage will be requested for permitting through the Town Zoning Dept. if project proposal is passed through SB.

Thank you for your consideration, and please let me know if you need any additional information in advance of the meeting.

Best,

Aidan Lenihan
