Jim Peabody replied to your FPF Posting:

Ian, I don't know how else to get my suggestions to the SelectBoard before their meeting. Regarding the EV charging station; I think a station on the town green would be a very poor spot. Aesthetically terrible and a poor use of one spot that is used to access the green or other facilities around it. How about installing it at a more little-used site such as the town barn, Walgreens/Shaws site or near the high school?

Jim Peabody

A note from Front Porch Forum: This email is from Jim Peabody of Bristol in response to your FPF Posting titled "[Bristol Selectboard Meeting Aug. 24](#)" in the Aug 21, 2026 issue of the Bristol Forum.
