

Town Meeting will be VERY DIFFERENT THIS YEAR!

New Date: SATURDAY, FEBRUARY 28, 2026

New Time: 10:00 A.M. Please arrive on time (or early) to get your clicker.

New electronic voting method: We will use clickers for voting from the floor.

Important: Read this town report so you are informed!

Clicker Instructions

1. When you arrive, **go to the voter checklist station** for the first letter of your last name. (The checklist will be divided.) You must be a registered Lincoln voter to get a clicker.
2. **State your name, and an election official will issue a “clicker” to you,** placing a barcode sticker on your clicker. This will help us know whether you returned your clicker after the meeting is over. It will NOT allow us to identify how you voted. Do NOT remove or damage the barcode sticker.
3. **Find a seat.** The Moderator will tell you how to use your clicker after the meeting begins.
4. Before we vote on the first article using clickers, the **Moderator will run a practice test vote**, to be sure the system is working properly.
5. **Do NOT leave your clicker unattended.** You are responsible for it. We suggest you **wear it around your neck.**
6. **Do NOT share your clicker.**
7. Treat it with care. These will cost us **\$40 each** to replace.
8. **RETURN your clicker to one of the bins near the door** when you leave the building.
9. Clickers will not work outside of the voting area.
