

## TOWN OF BRISTOL — MEMORANDUM

---

**TO:** Maple Street, Pleasant Street, and Church Street Residents and the Traveling Public  
**FROM:** Greg Faust, Town Administrator  
**DATE:** October 15, 2026  
**RE:** Bristol West Water: Shut Off Oct 22 - Maple & Pleasant

---

### Water Interruption Notice

Please note there will be a water shut on Thursday, 10/22/26 that will impact services on Maple Street from Pine to West, Pleasant Street from North to West Pleasant, and Church Street, with additional areas added if the aging isolation valves do not function as we hope, while the Contractor and assisting Water Department work to tie in the new waterlines on the south end of Maple St.

### Shut-Off Hours

Please anticipate this shutoff starting as early as 8 am and lasting until 5 pm.

### Air and Discoloration

Please note, during the shutdown and when water is restored, we will have to flush air/ water/sediment out of the hydrants along these runs. This should alleviate most of the air that enters the system. In addition, you and your tenants may notice a bit of air and discoloration in the water once restored.

### When Your Water Comes Back

- When water is restored, please run your faucets on cold water until the air is released.
- You may also want to remove your screen, rinse off any sediment, and place back on after flushing your sink and avoid running white laundry during this short period of time.

### Boil Water Notices

Any applicable Boil Water Notices will be issued the day of the first shut off and cleared several days later once the shut offs are complete and clean bacteria samples can be collected and received back from the lab.

### Bottled Water

Bottled water will be available at the Town office for those that need some during these interruptions.

### If You Have No Water

If anyone does not have water after service is restored each evening, please call the Town of Bristol at 802-453-2410 x5 with your location.

Questions or concerns can be directed to Greg Faust, Town Administrator, at [TownAdmin@BristolVT.org](mailto:TownAdmin@BristolVT.org) or (802) 453-2410.

Thank you for your continued patience as we replace Bristol's water infrastructure.
