Town of Bristol

My friend and I had a picnic at a nice pullout on Rt just out of Bristol.

We had picnicked there before and had a nice picnic table near the water. This time I was disappointed to find no table.

The sign says memorial park. I am sure you want people to visit here and stop in Bristol Village to shop.

It would make things more friendly if we could sit awhile and enjoy the water and peaceful surroundings.

A concrete table would maybe prevent theft or wood charred to a tree.

Just my feelings,

Thank you!
